

Electrical Contractors Business Association

GOVERNMENT AFFAIRS COMMITTEE (GAC)

Did you know.....

- **ECBA** has been instrumental in passing a law that allows 2 Apprentice Electricians to work with 1 Master Electrician.
- **ECBA** fought the battle to relocate the Electrician's Board from the Department of Safety. This enabled the Electrician's Board to preserve, direct, and control the cost of our license fees.
- **ECBA** led the fight to bring ARC Fault Legislation to hold the appliance manufacturers accountable for equipment failure. This is an ongoing battle.

This is just to name a few.....

2017 NEC Code Update Seminar

February 11—12, 2017

The Derryfield
Manchester, NH

The ECBA at the New Hampshire Construction Career Day

NHCCD exposes New Hampshire high school students to a possible career path in both the construction and transportation industries through hands-on exhibits and education resources. Labor Unions, construction companies, school districts, state agencies, trade and professional organizations collaborate to provide the students with an introduction to various aspects of construction. Each year this event has grown, the two day event reaches nearly 1,000 students annually from over 40 schools.

This year the ECBA had two tables at the event that showcased various electrical apparatuses including pipe bending, snaking, pulling demos, and a video of previous skills competitions. Using hands on application of these skills peaks the interest of prospective electricians and allows students to understand some of the work done within the electrical industry.

It also enabled us to talk and encourage students to send their resumes to us when they graduate which can be shared with our members. Keep in mind that the average age of our Licensed Electrician is 55 years old!

We were able to chat with Education Institutions to further build or create relationships as we continue to improve our industry.

Thank you to our members who helped make this a big success for the students. **A SPECIAL THANK YOU to—KW Management, Independent Electric, Boisvert Electric and Gimas Electric.**

**PLEASE JOIN US AT OUR NEXT GENERAL MEMBERS MEETING,
MEMBER OR NOT, TO LEARN MORE ABOUT WHAT
THE ECBA CAN DO FOR YOU!**

UPCOMING EVENTS

General Members Meeting
Thursday, October 20, 2016
Puritan Backroom
Manchester, NH

12th Annual Golf Tournament
Friday, August 18, 2017
